Our ingredients

Much like a piece of bread dough, we have taken many forms and shapes over the years. Ultimately, we have always been made of the same core ingredients; people, product, passion and innovation.

Our supply

We pride ourselves on being a trusted supplier with a network of 200+ partners across the UK, EU, and Ireland, sourcing 70% of our products from top regions like France, Germany, and Ireland.

With 1,500+ high-quality products in our range, we regularly move up to 2,000 pallets weekly which equates to approx. 91,000 boxes - whilst proudly maintaining a 99.62% availability rate. Our strong logistics and commitment to quality ensure you can always rely on us to deliver.

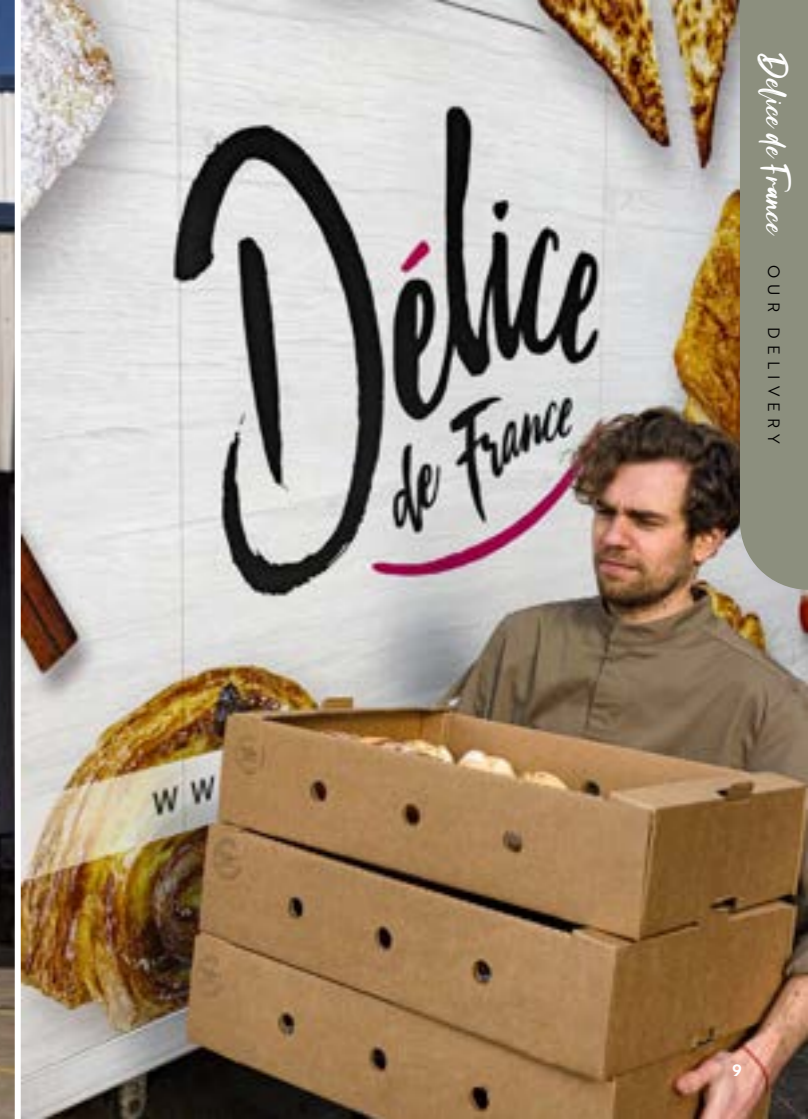

Our delivery

We provide extensive distribution across the U.K, with a dependable next-day delivery service.

Our fleet of 140 multi-temperature vehicles ensures optimal conditions for chilled, frozen, and ambient goods, supported by real-time temperature monitoring via Bluetooth technology.

With a consistent service level exceeding 98.5% and paperless invoicing for seamless transactions, we strive to deliver efficiency, reliability, and quality at every stage of the supply chain.

Our bakery

Born from the need to support businesses during Covid-19, our Southall bakery has flourished into a supplier of freshly baked, sustainably packaged goods for hotels, coffee shops, NHS facilities, and airlines.

As we expand in 2025, we're investing in a second wrapping machine and launching a fresh bakery service for Central London. With plans to double our team and move to 24/7 operations, we're committed to grow and always deliver high-quality, convenient bakery solutions—anytime, anywhere.

Modern Standard Coffee is a family of driven coffee professionals that work together to produce great coffee, while always aiming to have the best impact we can on the industry, the environment and the communities it connects.

THE TEAM

One of the few female founded and run coffee businesses in the UK, Modern Standard is the fusion of speciality coffee passion and commercial coffee experience.

We are a diverse and passionate group of individuals, who believe in looking after each other, as well as the environment, in the pursuit of great coffee.

THE PRODUCERS

By sourcing our coffee directly from the producers, paying a fair price for their efforts, we can ensure a sustainable financial future for the growers that will enable us to roast great coffee year after year.

THE ROASTERY

Over the years we've learned and developed our skills, and our roastery now reflects the effort that we put into roasting great coffees batch after batch.

Discovering exceptional coffee is a delightful journey, and we are dedicated to roasting it with integrity, ensuring our customers serve outstanding cups of coffee to their patrons.

Great coffee for everyone, that's the Modern Standard!
